# WHAT IS A CUSTOMIZABLE CLUB?

The club component means you are opting in to receive automatic shipments of wine two times a year. This makes your life so easy and comes with some really awesome perks (see below). The customizable part of the equation means that you will have the opportunity to log in during a designated time to pick exactly what you want. If you do not customize, we will automatically ship you our standard club selection during our spring and fall releases.

## EPOCH WINE CLUB POLICIES

We ask that you join for at least two shipments. • Cancellations of memberships need to be submitted with an emailed notice seven days prior to the next shipment. • We request that shipments are picked up accordingly: by June 15th for Spring Release orders and December 15th for Fall Release orders. After that time, we will ship all orders to the address on file; shipping and tax (where applicable) will be charged to the card on file. • We cannot ship to the following states: DE, KY, MS, RI, UT.
