Biography:	The 2023 White lures you in immediately on the nose and palate – crisp apricot, crushed gravel, flint, pineapple, lemon blossom, vanilla bean, and powdered sugar – all the while leaving you with the impression that you are inhaling a refreshing sea breeze. Don't be fooled into thinking these bright, zingy flavors can only be enjoyed young. Our White ages just as well as any big, bold red. It is also one of the food-friendliest whites (heck, wines) out there, bringing freshness and enjoyment to diverse flavors from scallops and oysters to Indian, Thai, and BBQ cuisines.
